'Spoken & Written Language: the whole kit and kaboodle'

Speech Pathologists & TESOL Teachers both work with students on the sounds/letters, words, sentences, texts & pragmatics of both spoken and written language. We may work with different populations but there is inevitably some overlap in our work. This presentation will explore these different levels of language with some hints and an opportunity to share our work on each of these aspects.

Members \$10

Non-members \$20

Cash or cheque only
